

## REMARKS

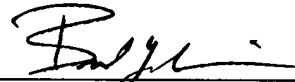

Further to the Examiner Interviews conducted on March 19, 2008, and April 28, 2008, the above amendments to the claims are submitted in an effort to improve the quality of the issued patent. These amendments do not have any affect on the patentability, and were not submitted earlier due to the fact that the need for these amendments came to the attention of the Applicants upon final review of the application after issuance of the Notice of Allowance.

Specifically, claim 5 has been amended to replace "processing means" with "processor," and claims 20 and 22-24 have been amended to depend from claim 27.

It is respectfully requested that these amendments be entered, and this application passed to issue upon payment of the Issue Fee.

In the event that there are any fees due with respect to the filing of this paper, please charge Counsel's Deposit Account No. 50-2222.

Respectfully submitted,
